Great American Bancorp, Inc. Announces Earnings – Fiscal 2016 and Fourth Quarter 2016

Champaign, Illinois - Great American Bancorp, Inc. (OTC Pink[®]/GTPS), the holding company for First Federal Savings Bank of Champaign-Urbana, reported net income of \$669,000 for fiscal 2016, which is an increase of \$138,000, or 26.0% from the \$531,000 reported for the year ended December 31, 2015. Basic and fully diluted earnings per share were \$1.50 for 2016 compared to \$1.15 for 2015. The return on average assets ("ROA") and the return on average equity ("ROE") were 0.37% and 3.87% for 2016, increasing from a 0.30% ROA and 3.23% ROE for 2015.

Net income for the three months ended December 31, 2016 was \$148,000, which is an increase of \$60,000, or 68.2% from the \$88,000 reported for the three months ended December 31, 2015. Basic and fully diluted earnings per share were \$0.33 for the three months ended December 31, 2016 compared to \$0.19 for the same quarter in 2015. The ROA and ROE were 0.33% and 3.39% for the three months ended December 31, 2016, increasing from a 0.20% ROA and 2.14% ROE for the three months ended December 31, 2015.

Net income was higher in fiscal 2016 primarily due to increases in net interest income and total noninterest income and a reduction in the provision for loan losses, offset by an increase in total noninterest expense.

Net interest income increased \$62,000, from \$4,882,000 for 2015 to \$4,944,000 for 2016, due to a \$16,000 increase in interest income and a \$46,000 decrease in interest expense. The increase in interest income was mainly due to higher income generated on deposits with banks and other financial institutions, offset by a reduction in interest income from loans. Deposits with banks and other financial institutions are primarily overnight funds held at the Federal Reserve Bank and Federal Home Loan Bank and the interest generated from these deposits was \$179,000 higher in 2016 compared to 2015. The weighted average yield on these deposits increased from 24 basis

points in 2015 to 49 basis points in 2016. This higher yield mainly resulted from increases to the target Federal Funds Rate implemented by the Federal Open Market Committee of the Federal Reserve System in December 2015 and December 2016.

The decrease in interest income from loans was mainly due to a decline in the average yield on loans, which fell from 5.12% for the year ended December 31, 2015 to 4.89% for 2016. Total average loans during 2016 were approximately \$101.58 million, increasing slightly from an average of \$100.46 million during 2015.

Total interest expense decreased \$46,000 in 2016 due primarily to a reduction in interest paid on Federal Home Loan Bank advances. During 2015 and 2016, Federal Home Loan Bank advances were comprised of one \$4.00 million advance at a fixed rate of 5.17% which matured on October 31, 2016. The interest expense associated with this advance was \$175,000 in 2016 compared to \$210,000 in 2015, declining \$35,000.

Total noninterest income increased \$179,000, from \$3,069,000 for 2015 to \$3,248,000 for the year ended December 31, 2016 due to increases in the gains on the sale of 1-4 family residential mortgage loans, customer service fees and other income, primarily brokerage commissions. The increase in total noninterest income was partially offset by a reduction in insurance sales commissions, mainly contingency commission income. A contingent commission is a commission paid by an insurance company that is based on the overall profit and/or volume of business placed with the insurance company. Contingency commissions were \$103,000 lower in 2016 compared to 2015.

The Company's analysis of the Allowance for Loan Losses during the fourth quarter of 2016 showed reductions in loans considered impaired, nonperforming loans and other problem loans during the quarter. As a result, the Company recorded a negative provision for loan losses totaling \$82,000 in December 2016.

Total noninterest expense increased \$99,000, from \$7,022,000 for the year ended December 31, 2015 to \$7,121,000 for 2016, primarily net costs related to other real estate owned and equipment expenses, offset by a reduction in salaries and benefits expense.

Net income was \$60,000 higher in the three months ended December 31, 2016 compared to the fourth quarter of 2015 primarily due to the \$82,000 negative provision for loan losses recorded in December 2016, an \$87,000 increase in net interest income and a \$53,000 increase in noninterest income, mainly gains on the sale of residential home mortgage loans and other income. Noninterest expense was \$128,000 higher in 2016, primarily equipment expenses, net other real estate owned expenses and other expenses, offset by a reduction in salaries and benefits expense.

Total assets at December 31, 2016 were \$180.60 million compared to \$182.08 million at December 31, 2015, decreasing slightly. Total cash and cash equivalents decreased \$7.63 million, from \$73.33 million at December 31, 2015 to \$65.70 million at December 31, 2016 due mainly to an increase in total net loans. Total net loans, including loans held for sale, were \$105.67 million at December 31, 2016, increasing \$6.67 million from total net loans of \$99.00 million at December 31, 2015. Total deposits increased \$2.30 million, from \$157.67 million at December 31, 2015 to

\$159.97 million at December 31, 2016. The majority of the increase in deposits was in noninterest bearing checking accounts and savings accounts.
